

Kindergartens

Our Kindergartens form a very large and important part of the school, having nine sections in the morning school—that is, A, B and C sections in each of the Upper, Middle and Lower Kgs, and 11 sections in the afternoon school with D, E, F and G sections in the Upper and Middle Kgs and D, E and F in the Lower Kg.

These classes have a full schedule with a variety of subjects.

In the morning during the Primary, Middle and High School assemblies, the Kgs have Scripture, after which they have their own assembly.

The children have an interesting day. They have either rhythmic or games in the new playshed or assembly hall. They have nature study periods when they are taken round the school compound to study flowers, and sometimes they grow flowers in boxes in their classrooms.

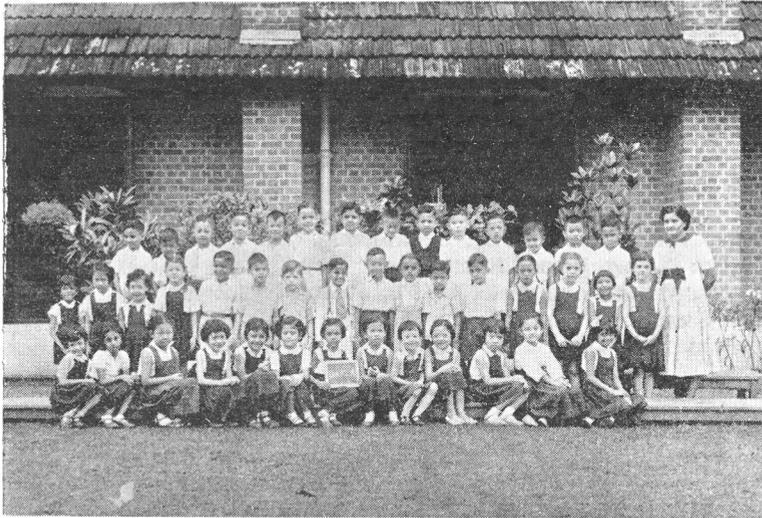

They learn to read and have competitions—girls versus the boys in spelling and numbers. They also have cut-out periods when they make little pictures, and they learn to mould comical little figures of people or animals in plastercine.

The Kgs always have a part in any play that M.E.H.S. has. Last year at the variety concert the Kgs gave a number of amusing items between choir numbers. These included a dance about a toymakers' shop and a dance about farmyard animals.

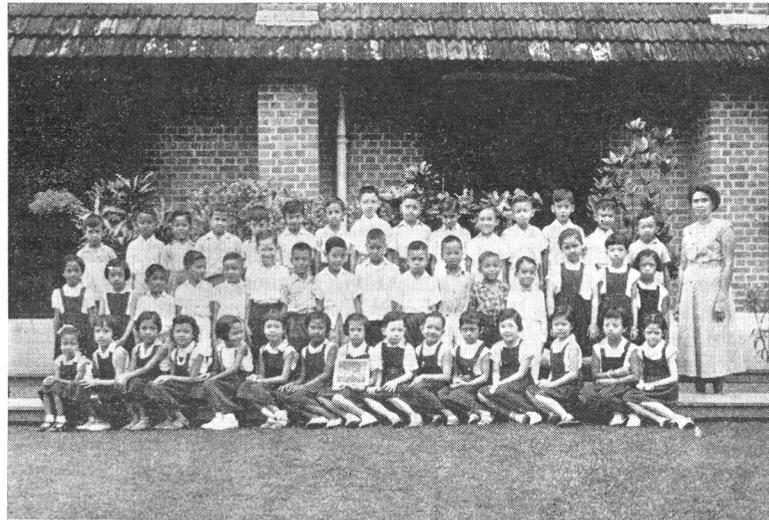

Every year at Christmastime the Kgs always take part in the school's Nativity Play.

Through these and other activities, the Kg children learn and grow and are soon ready to enter Primary School.
