

TEACHERS ET AL:

An Adventurous Staff

During the past year five of our staff ventured off to make new homes in the U.K.; three took maternity leave to become new mothers; two heard wedding bells ring; two took leave to sit for higher examinations; one retired; one left to attend college in India, and one left to ride a motorcycle from Singapore to England en route to college in America.

The principal herself went all the way to America for special study, and the man who has headed this adventurous staff during her absence, will soon be retiring from missionary service in Burma and will be heading across the Pacific for the U.S.A. His staff of 112, compared with 95 the year before, includes 67 class and nursery teachers, 34 subject teachers and 10 special staff, listed on these pages.

ACTING PRINCIPAL

(until mid-April)

Dr. George W. Hollister, B. A. and B.D. (magna cum laude); D.D.
